Vol. 4 # 9 Arkansas City Early Bird Lions Club May 2010

April Meetings:

The EB program held April 12th at Daisy Mae's was presented by Lion Dr. Brad Majher who described the new technology available and in use for diagnosing and curing eye problems.

There wasn't a scheduled program for the April 23rd EB meeting. Lion Jean presented the slate of the Nominating Committee. Lion Tim's motion to close nominations and elect slate by acclimation was seconded and approved.

Burford Chili project:

Will be May 8th downtown Ark. City. Lion Sara is cooking 40lbs of beef, several Lions are meeting at Lion Sara's house Friday at 5p.m. to put the ingredients together and simmer the Chili all night.

Lion Sara needs help to haul the Chili down to serving area Saturday morning. Lion Tim has made a work schedule for Saturday. Lets have fun with this community project.

Wheels for the pop cooler:

Lion Tim is checking different possibilities of getting wheels under our pop cooler so we can move it. No news if we have been accepted at the County Fair.

Just when I was getting used to yesterday, along came today.

Editor's apology:

There was no news letter in April because your Editor was going through a melt down crises. Her thoughts were why am I going through the trouble of doing this? I didn't hear from anyone saying they missed it or even if they bother to read it. Also this editor was busy going back and forth to Wisconsin and still may have to be doing more of that long trip in the coming months. Lion Dick offered to take over the Newsletter, he has mentioned it as a possibility.

Girlie Wisdom in time for Mother's day:

1. A friend of mine confused her Valium with her birth control pills. She has 14 kids but she doesn't really care.
2. One of life's mysteries is how a 2 pound box of chocolates can made a woman gain 5 lbs.
3. The older you get, the tougher it is to lose weight, because by then your body and your fat are really good friends.
4. Amazing! You hang something in your closet, for a while, and it shrinks 2 sizes.
